Herbs are the new ornamental, so don't limit herbs to the vegetable patch! Their diverse textures, unique colors, and delightful fragrances are making them highly popular as ornamental and companion plants. Whether tucked into small containers by the kitchen, planted strategically along walkways for their aroma, or integrated into vibrant mixed containers, herbs offer exciting dimension and utility for any garden space.

NEW - New to the trade or new to our catalog

(AAS) - All-America Selections winner - trial tested for garden performance

'Classic' - (Teardrop type) 8-9" long, dark purple, almost black, oval, elongated fruit.....	4"
'Dancer' - (Italian type) 7-8" long, deep pink fruits; mild, not bitter flavor; high yields.....	4"
'Fairy Tale' - (Teardrop type) miniature, 2-4" bicolor lavender-and-white fruit; (AAS).....	4"
'Gretel' - (Teardrop type) 3-4" long white fruit; compact; great for containers; (AAS).....	4"
'Hansel' - (Teardrop type) 2-10" long fruit; finger-like clusters of 3-6 fruit; compact plants; (AAS).....	4"
'Little Fingers' - (Asian type) HEIRLOOM variety; an abundance of slim, 6-8" long, dark purple fruit; clusters of 3-6 fruits; spineless plants.....	4"
'Patio Baby' - (Teardrop type) small, egg-shaped, dark purple fruits; thornless variety; perfect for containers; (AAS).....	4"
'Pinstripe' - (Oval type) compact, high-yielding, spineless plants bear eye-catching, mid-sized, purple and white fruit; silver-green foliage.....	4"
'Shikou' - (Asian type) long, thin, tender, glossy, dark purple almost black skins.....	4"
'Shooting Stars' - (Teardrop type) 3-4" long, purple-and-white striped fruit; can be grown in containers.....	4"

ENDIVE (Cichorium endiva var. crispum)

'Benefine' - (Trés Fine Maraichère type) extremely early with compact, finely-frilled leaves.....	606
---	-----

KALE (Brassica oleracea var. acephala unless otherwise noted)

'Black Magic' - (Lacinato type) HEIRLOOM variety; dark blue-green, heavily-savoyed leaves.....	606
'Blue Ridge' - dark, blue-green, triple-curved leaves; slow to bolt.....	606
napus 'Red Russian' - HEIRLOOM variety; blue-green, oak-shaped leaves with reddish stems.....	606
n. 'White Russian' - blue-green, oak-shaped leaves with white and green veins; tolerates damp soils and rainy, winter weather.....	606
'Prizm' - deep green, tightly-ruffled leaf with stalks that are nearly stemless; (AAS).....	606
'Tosciano' - (Lacinato type) HEIRLOOM variety; extra-dark green, non-curved, heavily-blistered leaves; sweet flavor.....	606

KOHLRABI (Brassica oleracea var. gongylodes)

'Kolibri' - 3" bulbs with uniform, deep purple skin; nearly fiberless, crisp, white flesh; intermediate resistance to XCC.....	606
'Konan' - 6" smooth, globe-shaped bulbs; good for containers or vegetable gardens; (AAS).....	606

LEEKS (Allium porrum)

'King Richard' - HEIRLOOM variety; upright, medium green leaves; white stems are over a foot long.....	606
--	-----

LETTUCE (Lactuca sativa)

'Adriana' - (Butterhead type) HEIRLOOM variety; full, dark green, classic lettuce; resistant to DM & LMV NEW	606
---	-----

Vegetables

LETTUCE (continued)

'Allstar Gourmet Mix' - (Loose-leaf type) ruffled edges and unique leaf shapes provide an interesting texture and good shelf life.....	606
'Bistro Salad Blend' - (Loose-leaf type) well-flavored mix; many exotic leaf shapes, textures, and colors; bronze and green shades.....	606
'Black Seeded Simpson' - (Loose-leaf type) HEIRLOOM variety; large, upright, compact lettuce with wide, light green leaves; intermediate resistance to DM and SCLESC.....	606
'Buttercrunch' - (Butterhead type) HEIRLOOM variety; full, green, classic lettuce; produces very tender, 4-5" rosettes; resistant to BNR; (AAS).....	606
'Cherokee' - (Batavia type) very dark red leaves; crisp with good flavor; slow to bolt; high resistance to BNR and DM.....	606
'Five Star Greenhouse Mix' - (Loose-leaf type) mix of different leaf shapes and colors; good ability for holding their colors; resistant to DM.....	606
'Flashy Trout's Back' - (Romaine type) HEIRLOOM variety; dark green leaves with wine-red speckles.....	606
'Fusion' - (Romaine/Green Leaf Cross) - dark green, wavy leaves have a romaine-like growth habit; high resistance to CRR; intermediate resistance to LMV.....	606
'Great Lakes Head' - (Iceberg type) HEIRLOOM variety; crisp, sweet lettuce heads; heat-tolerant; slow to bolt; (AAS).....	606
'Green Tower' - (Romaine type) extra-large, dark green leaves are lightly savored; resistant to CRR and LMV.....	606
'Jericho' - (Romaine type) HEIRLOOM variety; elongated, thick, bright green leaves; tolerant to heat and tip burn NEW	606
'Mild Mesclun Mix' - (Loose-leaf type) gourmet baby greens mix; mild mixture combines great texture, color, and flavor.....	606
'New Red Fire' - (Loose-leaf type) HEIRLOOM variety; reddish-bronze lettuce; resistant to BNR & DM NEW	606
'Parris Island Cos' - (Romaine type) HEIRLOOM variety; 12" tall; tender, succulent, dark green leaves; resistant to LMV.....	606
'Red Buttercrunch' - (Butterhead type) HEIRLOOM variety; full, green, classic lettuce have red tips; produces very tender, 4-5" rosettes; resistant to SLB.....	606
'Red Romaine' - (Romaine type) HEIRLOOM variety; 12" long, wide, merlot-red green leaves; resistant to LMV.....	606
'Red Sails' - (Loose-leaf type) HEIRLOOM variety; reddish-bronze lettuce; resistant to LMV; (AAS).....	606
'Romaine' - (Romaine type) HEIRLOOM variety; elongated, thick, medium green leaves are crisp and savory; heat-resistant and slow to bolt.....	606
'Royal Oakleaf' - (Loose-leaf type) dark green, oakleaf-shaped, deeply lobed leaves; intermediate resistance to DM.....	606
'Sandy' - (Loose-leaf type) frilly, dark green leaves; resistant to BLS, DM and PM; slow to bolt; (AAS).....	606
'Wildfire Mix' - (Loose-leaf type) red-green mix with a high percentage of red-leafed varieties; include Outrageous Red, Parris Island Cos, and Salad Bowl.....	606

MELON (Cucumis melo)

'Ambrosia' - (Muskmelon-type) 5 lb. fruits; luscious, salmon-red flesh is juicy, tender, and extra-sweet; resistant to PM.....	4.5"
'Aphrodite' - (Cantaloupe-type) large, 6-8 lb. fruit; thick, salmon-colored flesh; resistant to Fol and PM.....	4.5"
'Athena' - (Cantaloupe-type) large, 5-6 lb. fruits; salmon-colored flesh; good shelf life; resistant to Fol and PM.....	4.5"
'Charentais' - (Muskmelon-type) HEIRLOOM variety; 2-3 lb., light gray-green fruit; super sweet, firm, bright orange flesh; thick, salmon-colored flesh; very fragrant NEW	4.5"
'Collective Farm Woman' - (Honeydew-type) HEIRLOOM variety; 1-2 lb., yellow fruit; extra sweet, white flesh; extra early variety NEW	4.5"
'Sugar Cube' - (Cantaloupe-type) miniature, 2 lb. fruits with deep orange, rich flesh; resistant to F, PM, PRV, WMV and ZYMV.....	4.5"
'Super Nectar' - (Honeydew-type) 5-6 lb., oval, pale green fruits; extra-sweet, juicy, creamy white flesh; resistant to Fol and PM NEW	4.5"

Vegetables

MUSTARD GREENS (Brassica species)

junceae 'Red' - HEIRLOOM variety; large, highly decorative leaves of deepest red with a medium mustard flavor.....	606
rapa var. niposinica 'Miz America Mizuna' (Asian Greens) - dark red, toothed leaves; mild flavor.....	606
r. var. perviridis 'Savanna' - early variety produces excellent yields of flavorful, dark green leaves.....	606

OKRA (Abelmoschus esculentus)

'Candle Fire' - round, smooth, bright red pods; heavy producer; (AAS).....	4.5"
'Clemson Spineless' - HEIRLOOM variety; lots of bright green, slightly grooved, straight, pointed pods without spines; yellow color when ready to harvest; highly resistant to V; (AAS).....	4.5"

ONIONS (Allium cepa)

'Candy' - day neutral; early; jumbo-sized bulbs are extra sweet; resistant to PRR.....	606
'Green Banner Bunching' - uniform variety; more heat-tolerant than others; slow to bolt; stems are glossy white; resistant to FBR and PRR.....	606
'Red Baron Bunching' - firm, flattish-round, red bulbs; stronger flavor than most varieties; resistant to FBR and PRR.....	606
'Red Carpet' - magenta interior rings; stores well; resistant to PRR.....	606
'White Lisbon Bunching' - HEIRLOOM variety; long, green onion; mild flavor.....	606

PAK CHOI (Brassica rapa var. perviridis)

'Mei Qing Choi' - green-stemmed, spoon-shaped pak choi; upright and compact; cold- and heat-tolerance.....	606
'Rosie' - reddish-purple leaves on greenish-red stems.....	606

PEAS (Pisum sativum)

'Lincoln' - (Shelling peas) HEIRLOOM variety; bush-type; extra-tender, dark green pods have 6-9 peas in each; very heat-resistant; high-yielding; resistant to BW and PM NEW	4"
'Snow Max' - (Snow peas) straight, smooth, semi-stringless, edible pods; bush-type; resistant to DM and PM.....	4"
'Sugar Snap' - (Snow peas) very sweet, edible pods; 6' long, high-yielding vines; (AAS).....	4"

PEPPER (Capsicum annuum unless otherwise noted)

'Anaheim' - (Anaheim type) HEIRLOOM variety; mild heat; light green, slender fruits; resistant to TMV; 500-2,500 SHU.....	4"
'Aruba' - (Cubanelle type) elongated, 3-4-lobed, lime-green fruits mature to orange then red and finally chocolate; mildly sweet with fruity tones; resistant to PVY and TMV.....	4"
'Better Belle IV' - (Sweet Bell type) matures from green to red; early, tasty variety; very blocky, 4-5" long, four-lobed fruit; resistant to BLS and TMV.....	4", 6" Stadium
'Big Bertha' - (Sweet Bell type) large, 7" long green fruit ripens to red; great for stuffing; resistant to BLS, PC, Tm and TMV.....	4"
'Cajun Belle' - (Spicy Bell type) mildly spicy taste just right for fresh eating and salsa; compact and good for containers; (AAS) 500-4,000 SHU.....	4"
'Candy Cane Chocolate Cherry' - (Sweet Bell type) unique fruit matures from green with white stripes to chocolate with cherry red stripes.....	4"
'Cayenne Long Thin' - (Cayenne type) HEIRLOOM variety; dark green fruits turn red; very hot; 30,000-50,000 SHU.....	4"
chinese 'Caribbean Red' - (Habanero type) HEIRLOOM variety; bright red, thin-skinned peppers; hotter than most habanero varieties; 350,000-400,000 SHU.....	4"
ch. 'Carolina Reaper' - (Habanero type) round, warty, red peppers have a unique tail; fruity flavor is very hot - THE WORLD'S HOTTEST PEPPER! ; resistant to TMV; 1,500,000-2,200,000 SHU.....	4"
ch. 'Habanero Red' - (Habanero type) HEIRLOOM variety; 1" fruit turns from light green to red and wrinkles at maturity; one of the hottest peppers; 200,000-300,000 SHU.....	4"
ch. 'Jamaican Scotch Bonnet' - (Habanero type) HEIRLOOM variety; bright red, thin-skinned peppers; hotter than most habanero varieties; 100,000-350,000 SHU.....	4"

Vegetables

SCOVILLE HEAT UNITS

We have added Scoville Heat Units (SHU) to our hot pepper descriptions. Those numbers are approximations, heat is variable based on growing conditions, as well as being fundamentally subjective.

See below for our hot peppers listed from hottest to mildest.

'Carolina Reaper'	1,500,000-2,200,000 SHU
'Trinidad Moruga Scorpion'	1,500,000-2,000,000 SHU
'Bhut Jolokia Red'	1,000,000+ SHU
'Habanero Red'	200,000-300,000 SHU
'Caribbean Red'	350,000-400,000 SHU
'Jamaican Scotch Bonnet'	100,000-350,000 SHU
'Thai Dragon'	50,000-100,000 SHU
'Tabasco'	30,000-50,000 SHU
'Cayenne Long Thin'	30,000-50,000 SHU
'Serrano'	5,000-22,000 SHU
'Hungarian Hot Wax'	5,000-15,000 SHU
'Spicy Slice'	4,000-6,000 SHU
'Gong Bao'	3,000-6,000 SHU
'Red Cherry Hot-Large'	3,000-5,000 SHU
'Jalapeño'	2,500-5,000 SHU
'Sriracha'	2,300-2,500 SHU
'Cajun Belle'	500-4,000 SHU
'Anaheim'	500-2,500 SHU
'Mariachi'	500-600 SHU
'Trident'	250-1,500 SHU
'Pepperoncini'	100-500 SHU
'Takara'	50-200 SHU
'Mellow Star'	50-150 SHU

PEPPER (continued)

ch. 'Trinidad Moruga Scorpion' - (Habanero type) HEIRLOOM variety; wrinkled, lantern-shaped fruit ripen from dark green to orange; 1,500,000-2,000,000 SHU.....	4 ³
ch. x frutescens 'Bhut Jolokia Red' - (Chili type) HEIRLOOM variety; also known as 'Ghost Pepper'; one of the hottest peppers; produces long, red, tapered fruit; 1,000,000+ SHU.....	4 ³
'Chocolate Beauty' - (Sweet Bell type) HEIRLOOM variety; sweet, 3-4" long fruit matures from green to rich mahogany; resistant to Tm and TMV.....	4 ³
'Como di Toro Rosso' - (Sweet Italian type) HEIRLOOM variety; dark red, rich, sweet flavor with just a hint of heat; best for roasting or frying.....	4 ³
'Early Sunation' - (Sweet Bell type) sweet, fruit matures from dark green to bright golden-yellow; intermediate resistance to BLS.....	4 ³
frutescens 'Tabasco' - (Cayenne type) HEIRLOOM variety; very hot, 2" long fruit matures from green to yellow; 30,000-50,000 SHU.....	4 ³
'Gong Bao' - (Cayenne type) slender, thin-walled, dark green peppers turn bright red; pungent flavor; 3,000-6,000 SHU.....	4 ³
'Gypsy' - (Sweet Bell type) mini-sized, sweet, flavorful peppers emerge light greenish-yellow and mature to orange then red; resistant to TMV; (AAS).....	4 ³
'Hungarian Hot Wax' - (Hot Banana/Wax type) HEIRLOOM variety; orange, red, and yellow shades; great for pickling or drying; 5,000-15,000 SHU.....	4 ³

Vegetables

PEPPER (continued)

'Jalapeño' - (Jalapeño type) HEIRLOOM variety; 3" long peppers are perfect for stuffing; 2,500-5,000 SHU.....	4", 6" Stadium
'Jimmy Nardello' - (Sweet Italian type) HEIRLOOM variety; green fruit matures to bright red; 10" long fruit.....	4"
'Just Sweet' - (Sweet Bell type) mini-sized, orange fruit; strong, bushy habit; resistant to Tm; (AAS).....	4"
'Lilac Blue' - (Sweet Bell type) 4", purple fruit; bushy habit; resistant to TMV NEW	4"
LUNCHBOX SERIES: (Sweet Bell type) beautiful, mini-sized, sweet, flavorful peppers; taste great sauteed or raw	
'Lunchbox Mix' - mix of orange, red, and yellow fruits.....	4"
'Lunchbox Orange'.....	4"
'Lunchbox Red'.....	4"
'Majestic Red' - (Sweet Bell type) large, 5-7" wide red, smooth, blocky, firm fruit; resistant to BLS, PC and TMV.....	4"
'Mama Mia Giallo' - (Sweet Italian type) sweet, long, tapered, golden yellow fruits; resistant to TMV; (AAS).....	4"
'Mariachi' - (Spicy Bell type) spicy, but only mildly hot; 4" fruit matures from green to shades of yellow, orange, and red; resistant to TMV; (AAS) 500-600 SHU.....	4"
'Mellow Star' - (Shishito type) 3-4"; green fruits are sweeter when red; good yields; resistant to PVY; 50-150 SHU.....	4", 6" Stadium
'New Ace' - (Sweet Bell type) sweet, bright green fruits mature to red; early maturing; resistant to Tm and TMV.....	4"
'Orange Blaze' - (Sweet Bell type) sweet, bright orange fruit is 3-4" long; resistant to BLS, Tm, and TMV; (AAS).....	4"
'Pepperoncini' - (Hot Banana/Wax type) HEIRLOOM variety; yellow-green, sweet-spicy, 2-4" long fruits are perfect for pickling; 100-500 SHU.....	4"
'Purple Beauty' - (Sweet Bell type) HEIRLOOM variety; thick walled, 4" blocky bells mature from green to deep purple; compact plants; resistant to TMV.....	4"
'Red Cherry Hot-Large' - (Paprika type) HEIRLOOM variety; moderately hot, 1-2" fruits ripen from green to red; 3,000-5,000 SHU.....	4"
'Red Impact' - (Sweet Bell type) large, 7" long, sweet, green fruit ripens to red; resistant to BLS, PVY and TMV; (AAS).....	4"
'Red Knight' - (Sweet Bell type) sweet, bright red, extra-large fruits; resistant to BLS and PVY.....	4"
'Serrano' - (Serrano type) HEIRLOOM variety; 1-2" candle-shaped fruits mature from green to red; very hot; resistant to PVY; 5,000-22,000 SHU.....	4"
'Spicy Slice' - (Jalapeño type) extra-large, spicy, dark green fruits mature to red; high resistance to BLS; intermediate resistance to TEV; 4,000-6,000 SHU.....	4"
'Sriracha' - (Hot Chili type) 5" long large, firm, uniform, green fruit; resistant to PVY and RKN; 2,300-2,500 SHU.....	4"
'Sweet Banana' - (Sweet Italian type) HEIRLOOM variety; 6-7" long, large, pointed fruits; matures from green to bright red; (AAS).....	4"
'Sweet Rainbow Mix' - (Sweet Bell type) HEIRLOOM variety; 4-6" long fruit matures from green to chocolate, ivory, orange, purple, red, or yellow.....	4"
'Takara' - (Shishito type) 3" long, bright green fruits ripen to red; good yields; resistant to BLS, CMV, and TMV; 50-200 SHU NEW	4"
'Thai Dragon' - (Cayenne type) 1-3" long fruit matures from green to red; five times hotter than a standard jalapeño; high-yielding; 50,000-100,000 SHU.....	4"
'Trailblazer' - (Sweet Bell type) sweet, bright yellow fruits; high resistance to BLS.....	4", 6" Stadium
'Trident' - (Poblano type) glossy, dark green fruit matures to deep red; resistant to TMV; 250-1,500 SHU.....	4"

PUMPKIN (Curcurita pepo unless otherwise noted)

'Baby Bear' - (Pie type) HEIRLOOM variety; 1.5-2.5 lb., deep orange fruits; good for pies and decoration; high-yielding; (AAS).....	4.5"
'Cherokee Bush' - (Pie type) 5-8 lb., dark orange fruits; high-yielding; resistant to DM and PM NEW	4.5"
'Howden' - (Carving type) HEIRLOOM variety; 20-25 lb., very large, round, deep orange fruits.....	4.5"

Vegetables

PUMPKIN (continued)

'Hulk' - (Carving type) 35-40 lb., tall, barrel-shaped, deep orange fruits; resistant to F, PRR and RHIZ.....	4.5"
maxima 'Cinderella's Carriage' - (Stacking type) 25-35 lb., dark reddish-orange fruits; yellow, nutty, sweet flesh; 5-7 fruits per plant; resistant to PM; (AAS).....	4.5"
max. 'Super Moon' - (Stacking type) 25-50 lb., large, white fruits; vigorous plants; resistant to N and PM; (AAS).....	4.5"
'Jack-Be-Little' - (Miniature type) HEIRLOOM variety; 3" miniature, dark orange fruits; 6-7 fruits per plant; decorative only; resistant to PM and XCC.....	4.5"
'Jack Sprat' - (Pie type) 3 lb., dark orange fruits; high-yielding; resistant to PM.....	4.5"
'Large Marge' - (Carving type) 30-40 lb., very large, deep orange fruits have strong stems.....	4.5"
'Warty Goblin' - (Carving type) 8-20 lb., bright orange fruits with green 'warts'; intermediate resistance to PM; stores well.....	4.5"

RADICCHIO (<i>Cichorium intybus</i>) - HEIRLOOM variety; wine-red leaves with white veins; sometimes known as 'Italian chicory'; spicy, bitter flavor mellows after cooking.....	606
---	-----

RADISH (*Raphanus sativus*)

'Easter Egg' - HEIRLOOM variety; mix of round, purple, red, and white radishes; stays crisp and mild even when large.....	606
---	-----

SOYBEANS (*Glycine max*)

'Midori Giant' - (Edamame type) - HEIRLOOM variety; large, green pods have sweet flavor; plants should be staked.....	4.5"
---	------

SPINACH (*Spinacia oleracea*)

'Acadia' - very dark green, savoyed leaves; slow to bolt; high resistance to DM.....	606
'Bloomsdale Longstanding' - HEIRLOOM variety; heavy yield of thick-textured, crinkled, glossy, dark green leaves; resistant to DM; (AAS).....	606
'Red Tabby' - dark green, oval leaves have magenta veins and stems; resistant to DM.....	606
'Seaside' - smooth, dark green leaves; high resistance to DM.....	606
'Space' - large, medium to deep green, upright plants keep leaves free from dirt; resistant to DM.....	606

SQUASH (*Curcubita pepo* unless otherwise noted)

'Autumn Frost' - (Winter - Acorn type) medium-sized, tan fruit has flavor similar to butternut squash; resistant to PM.....	4.5"
'Ball's Zucchini II' - (Summer - Zucchini type) very productive; 8-10" dark green, uniform fruits.....	4.5"
'Dark Green Zucchini' - (Summer - Zucchini type) HEIRLOOM variety; heavy yields of straight, smooth, dark green fruits with firm, white flesh.....	4.5"
'Dixie' - (Summer - Crookneck type) shiny, lemon-yellow, crookneck, tapered fruit is produced on early, highly-productive, vigorous vines; resistant to PM.....	4.5"
'Golden Zebra' - (Summer - Straightneck Type) smooth, glossy, bright yellow skin.....	4.5"
'Honey Bear' - (Winter - Acorn type) yields 1 pound fruit; compact, bushy plants; sweeter and milder than any other types; resistant to PM; (AAS).....	4.5"
'Lemon Sun' - (Summer - Patty Pan type) pure yellow, scalloped, sweet, tender fruits.....	4.5"
maxima 'Blue Hubbard' - (Winter - Hubbard type) HEIRLOOM variety; 12-15 lb., blue-green, bumpy skins; sweet, yellow flesh.....	4.5"
max. 'Red Kuri' - (Winter - Hubbard type) HEIRLOOM variety; 3-4 lb., bright orange, teardrop-shaped fruits; smooth, orange flesh is rich and has a sweet flavor.....	4.5"
moschata 'Butterbaby' - (Winter - Butternut type) HEIRLOOM variety; 1-1.5 lb., sweet, nutty fruits; resistant to PM.....	4.5"
'Noche' - (Summer - Zucchini type) heavy yields of straight, smooth, dark green fruits with firm, white flesh; disease resistance to WMV and ZYMV NEW	4.5"
'Primavera' - (Winter - Spaghetti type) 2.5-3 lb., canary-yellow fruits; uniform, high yields; compact vines.....	4.5"
'Spineless Perfection' - (Summer - Zucchini type) straight, smooth, medium green fruits; intermediate resistance to PM, WMV and ZYMV.....	4.5"
'Trieste White' - (Summer - Zucchini type) HEIRLOOM variety; straight, smooth, pale green fruits with creamy white flesh; resistant to WMV and ZYMV NEW	4.5"

Vegetables

SWEET POTATO (*Ipomoea batatas*)

TREASURE ISLAND SERIES: 12-14" tall

- '**Treasure Island Kaukura**' - dark purple, heart-shaped foliage; light orange tubers with orange flesh.....6" Stadium @ \$25.50
- '**Treasure Island Makatea**' - chartreuse, heart-shaped foliage; light orange tubers with creamy white flesh.....6" Stadium @ \$25.50
- '**Treasure Island Manihi**' - dark purple, maple leaf-shaped foliage; light orange tubers with orange flesh6" Stadium @ \$25.50
- '**Treasure Island Tatakoto**' - green, finger-shaped foliage have purple veins; light orange tubers with orange flesh6" Stadium @ \$25.50

SWISS CHARD (*Beta vulgaris*)

- '**Bright Lights**' - HEIRLOOM variety; edible and ornamental with jewel tone stems and leaves; (AAS).....606
- '**Bright Yellow**' - HEIRLOOM variety; edible and ornamental with bright yellow stems.....606
- '**Peppermint**' - dark green, savoyed leaves have white veins; pink-and-white stalks; bolt- and heat-resistant.....606
- '**Ruby Red**' - HEIRLOOM variety; candy apple-red stalks with dark green, crinkly leaves.....606

TOMATILLO (*Physalis philadelphica*)

- '**Toma Verde**' - strong, upright plants; fruits are surrounded by a papery husk that turns from green to brown as they ripen; used to make original salsa verde.....4"

TOMATO (*Solanum lycopersicum*)

- '**Amish Paste**' - (Roma/Paste type) HEIRLOOM variety; 8 oz., meaty, bright red fruits; great for slicing and sauces; Indeterminate.....4"
- '**Aunt Gertie's Gold**' - (Beefsteak type) HEIRLOOM variety; 16 oz., golden yellow fruits; wonderful, fruity, sweet flavor; Indeterminate.....4"
- '**Beefmaster**' - (Beefsteak type) massive, 16-24 oz., bright red fruit; heavy-bearing plants are resistant to Al, Fol, RKN, Ss and V; Indeterminate.....4", 6" Stadium
- '**Beefsteak**' - (Beefsteak type) HEIRLOOM variety; 16-32 oz., slightly ribbed, bright red fruit have delicious, sweet flavors; resistant to F and V; Indeterminate.....4"
- '**Better Boy Plus**' - (Slicer type) 16 oz., smooth, round, red fruit; tolerant to F, N and V; Indeterminate.....4", 6" Stadium
- '**Big Beef Plus**' - (Beefsteak type) 10-12 oz., smooth, ruby-red fruits are firm, juicy, and highly flavorful; improved disease resistance to Al, RKN, Ss, TMV and V; Indeterminate.....4"
- '**Big Boy**' - (Slicer type) 8-16 oz., red fruits; vigorous; resistant to cracking; disease resistant to ASC; Indeterminate.....4", 6" Stadium
- '**Big Rainbow**' - (Beefsteak type) HEIRLOOM variety; large, pinkish-red and yellow skin and flesh; deeply lobed; very mild, sweet flavor; resistant to BLS, BRR, BSK, DM, PM and SLB; Indeterminate.....4"
- '**Black Cherry**' - (Cherry/Grape type) HEIRLOOM variety; small, round, purple-brown, fruits have a rich flavor; resistant to F and V; Indeterminate.....4"
- '**Black Krim**' - (Slicer type) HEIRLOOM variety; 10-12 oz., dark brownish-red fruits are very richly flavored; Indeterminate.....4"
- '**Boxcar Willie**' - (Slicer type) HEIRLOOM variety; 10-16 oz., smooth, bright, orange-red fruit with acidic flavor; high-yielding; crack-free; Indeterminate.....4"
- '**Brandywine Pink**' - (Beefsteak type) HEIRLOOM variety; large, rosy-pink skin; deeply lobed; fantastic, less acidic flavor; potato-leaved variety; Indeterminate.....4"
- '**Brandywine Red**' - (Beefsteak type) HEIRLOOM variety; large, pinkish-red skin; deeply lobed; fantastic, less acidic flavor; potato-leaved variety; Indeterminate.....4", 6" Stadium
- '**Buffalo Steak**' - (Beefsteak type) solid, meaty, red flesh; produces 6.5 oz fruit; high resistance to F, TMV and V; intermediate resistance to N; Indeterminate.....4"
- BUMBLE BEE SERIES:** Indeterminate varieties
- '**Bumble Bee Pink**' - (Cherry/Grape type) small, round, fire-engine red, fruits have orange striping; sweet, rich flavor; resists cracking; **NEW**.....4"
- '**Bumble Bee Sunrise**' - (Cherry/Grape type) small, round, yellow-orange fruits have light red striping; pink interior marbling; super sweet; resists cracking; **NEW**.....4"

Vegetables

TOMATO (continued)

- 'Bush Champion'** - (Slicer type) 9 oz., very meaty, flavorful, bright red fruit; compact plants; good resistance to ASC, F, N, Ss, TYLC and V; Determinate..... 4"
- 'Candyland Red'** - (Current type) early variety; very high yields; very sweet flavor, bright red fruit; Indeterminate; (AAS)..... 4"
- 'Carolina Gold'** - (Slicer type) HEIRLOOM variety; extra-large, glossy, gold fruits; resistant to F and V; Determinate..... 4"
- 'Celebrity Plus'** - (Slicer type) 7-8 oz., bright red fruit; great all-purpose tomato; resistance to ASC, F, Fol, N, Ss, TMV, TSWV and V; Determinate; (AAS)..... 4"
- 'Cherokee Carbon'** - (Slicer type) medium, 10-12 oz., purple, bumpy fruits; resistant to cracking; Indeterminate..... 4"
- 'Cherokee Purple'** - (Beefsteak type) HEIRLOOM variety; 16-32 oz., large, brick red and dark brown fruit; resistant to cracking; Indeterminate..... 4"
- 'Chocolate Sprinkles'** - (Cherry/Grape type) red fruit striped with dark green; rich, robust flavor; highly resistant to F and N; Indeterminate..... 4"
- 'Early Girl Plus'** - (Slicer type) 4-8 oz., bright red, meaty fruit; great resistance to F and V; Indeterminate..... 4", 6" Stadium
